

Małgorzata Eljaszuk-Sanchez

Frontend Developer

I am passionate about creating beautiful and interactive web experiences, driven by the excitement of solving practical problems through pattern discovery. Currently immersed in a Frontend Developer course, I am refining my expertise in **JavaScript**, **React**, **TypeScript**, **HTML**, **SCSS**, and code optimization, and now diving into **TailwindCSS**, **Next.js**, and **Redux**. Over the past four years, I have managed my art business and an e-commerce website built on Shopify, developing a keen sense of aesthetics and staying current with web design trends as a freelance artist. Check out my frontend projects in my [portfolio](#).
