Małgorzata
Eljaszuk-Sanchez

Frontend Developer

I am passionate about creating beautiful and interactive web experiences, driven by the excitement of solving practical problems through pattern discovery. Currently immersed in a Frontend Developer course, I am refining my expertise in **JavaScript, React**, **TypeScript**, **HTML**, **CSS/SCSS**, and code optimization. I am now diving into **TailwindCSS**, **Next.js**, and **Redux**. Over the past four years, I have managed my art business and an **e-commerce website built on Shopify**, developing a keen sense of aesthetics and staying current with web design trends as a freelance artist. Additionally, I have over 10 years of experience working in a multinational environment and am interested in remote or hybrid work opportunities in Kraków. Please check out my frontend projects in my **portfolio**.

Experience

2023 - now
Freelance | Remote
Frontend Developer

- Actively honing my front-end skills: **JavaScript**, **React**, **TypeScript**, **SCSS**, and **HTML**.
- Engaging in diverse projects and coding JavaScript programs at Mate Academy.
- Managing and developing an online shop, leveraging platforms like Shopify.
- Integrating plugins and embedding JavaScript codes as required.
- Creating and implementing **VBA macros** to automate daily operations, enhancing efficiency and precision in our workflows.

2023 - now
Freelance | Pasja Pisania Sp. z o.o.
Coach / Mentor

- Fostering a collaborative and enriching environment for students.
- Encouraging collaboration and active learning.
- Providing comprehensive and constructive feedback on students' assignments, dedicated to enhancing their writing skills.
- Inspiring and motivating students to unlock their full potential in storytelling.

2019 — now
Freelance | Remote
Artist & Designer / E-commerce

- Achieved consistent worldwide sales in art and design, with over 500 paintings sold in four years.
- Crafting graphics and animations for social media, capturing audiences with visually captivating content.
- Setting up and managing Facebook ad campaigns to enhance online visibility.
- Developing marketing automation workflows to streamline operations and foster deeper customer engagement.
- Maintaining customer relationship management skills with a proven track record of satisfied clients.
- Curating compelling graphic and written content for newsletters, effectively engaging English-speaking audiences.
- Analyzing reports and customer behaviors to continually refine marketing strategies and optimize content for better results.

Education

2024 | Mate Academy
Frontend Developer

2011 | University of Economics in Katowice (Poland)
MA (Honours) in Finance & Accounting

2010 | University of Glamorgan (United Kingdom)
MSc (Merit) in Management & Development of International Financial Systems

2009 | University of Glamorgan (United Kingdom)
BA (Hons 2:1) in Business

Courses

The Ultimate React Course 2024: React, Next.js, Redux & More | 2024 Udemy

The Complete JavaScript Course: From Zero to Expert | 2024 Udemy

Figma Essentials | 2023 Udemy

EITCA/CG Computer Graphics Programme | 2021 European Information Technologies Certification Institute, Brussels

Interests

Self-taught HTML at the age of 13, creating websites inspired by favorite fantasy book.

Developed model-based storytelling approach, garnering awards and publications in literary competitions since 2022.

Experience

2016 — 2019
Heineken Global Shared Services Sp. z o.o. | Kraków, Poland
Group & Regional Management Accounting & Reporting Analyst

- Delivering meticulous insights on costs and revenues, ensuring timely and comprehensive information for key decision-makers.
- Verifying numerical data within the reporting system to uphold accuracy and reliability in all generated reports.
- Supporting automation of daily activities using VBA, significantly enhancing efficiency and reducing manual workload.

2013 — 2016
Unilever Poland Services Sp. z o.o. | Katowice, Poland
Supply Chain Finance Analyst → Inventory Control Coordinator

- Leading Europe-wide coordination efforts to ensure accurate and timely closure of financial periods, with a focus on managing obsolete costs across the region.
- Delivering comprehensive and insightful analyses on obsolete costs, utilizing a keen understanding of financial intricacies to provide a nuanced perspective.
- Driving the automation, standardization, and simplification of financial processes within the organization.
- Developing a journal authorization tool using VBA, significantly improving efficiency and accuracy in financial workflows.
- Facilitating effective cross-company communication by contributing to improved processes, enhancing overall efficiency throughout the organization.

2010 — 2013
KPMG Audyt Sp. z o.o. | Katowice, Poland
Intern → General Audit Assistant

- Collaborating with a dynamic team to conduct thorough analysis of costs, revenues, and margins.
- Working closely with clients to verify accruals, provisions (such as stock and receivables), intercompany transactions, and equity movements, ensuring a comprehensive understanding of financial data.
- Auditing movements related to fixed assets, contributing to strategic decision-making processes within the organization.
- Reconciling Balance Sheet, Profit and Loss (P&L), and Cash Flows, ensuring financial accuracy and coherence.
- Actively participating in the accurate assessment of inventory levels, crucial for effective financial management.
